

# YOU support over 1000 library programs each year.

You sponsor story hours for our youngest patrons to family experiences such as Open Book and Science Alive, in addition to technology training for all ages – and everything in between. Most library programs are free so that every community member can participate.

You help us bring live music performances to the library...teach caregivers how to interact with children...keep critical reading skills updated during school vacations...and create a program calendar filled with ways to enjoy the Library. No matter where your interests lie, there's something for you at SJCP.

If SJCP's mission is to be this community's Library for Life, our Friends' mission is to help them achieve this goal. Together, we're working to keep the library a vital part of our community.

To show our thanks for your support, at all membership levels we offer you entry to special members-only book sales where you can shop ahead of the public sales. You'll receive regular notices about member sales in time to mark your calendars.

Please help us continue to help the library by adding or renewing your membership today.

Sincerely,

William E. Brennen  
President, Friends of SJCP

**A four year old listens with rapt attention to a story she's never heard before**

---

**Families eagerly line up to try experiments in an all-day science fair**

---

**A group of teens learn about new technology through strategy games that build coordination and social skills**

---

**A father and his sons delight in stories told by their favorite adventure story author**
